

Computer Programming for Engineers Laboratory: MATLAB

Academic Term: Fall 2023

COP 2271L Section EE03

Class Periods: Tuesdays, Periods 5-6 (11:45 AM to 1:40 PM)

Location: NEB 101

Instructor:

Ashish Aggarwal

ashishjuit@ufl.edu

Office Phone Number: 352-294-1385

Office Hours: Fridays, 3 to 5 pm in NSC 329 and online via zoom (link available on Canvas)

Teaching Assistant/Peer Mentor/Supervised Teaching Student:

To be announced on Canvas

Course Description

The laboratory is a one-credit course that provides additional practice for those students who are/have been enrolled in the COP2271 lecture. Students will work on a variety of problems not seen in the lecture to reinforce MATLAB programming topics.

Course Pre-Requisites / Co-Requisites

Prereq: MAC 2312 / Coreq: COP2271

Course Objectives

The main objective of this course is to provide a foundation in programming for engineering problem solving using the MATLAB software package. Students will develop the skills to analyze and break down an engineering program and solve it algorithmically using MATLAB. After this course, students will have an understanding of various programming constructs and how they can be used to solve a computational problem.

Relation to Program Outcomes (ABET):

Outcome	Coverage*
1. An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics	High
2. An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors	High
3. An ability to communicate effectively with a range of audiences	Low
4. An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts	Medium
5. An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives	

6. An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions	
7. An ability to acquire and apply new knowledge as needed, using appropriate learning strategies	High

*Coverage is given as high, medium, or low. An empty box indicates that this outcome is not covered or assessed in the course.

Required Textbooks and Software

- There is no required textbook. We will use the Canvas course site (<https://elearning.ufl.edu>) **EXTENSIVELY** to post course material. It will be every student's responsibility to be familiar with the material posted on the course website.
- MATLAB Student Version (any recent version should be fine)
You may consider using UFApps to access a number of popular software applications for "free" including MATLAB at: <http://info.apps.ufl.edu/> ; MATLAB is also available for purchase and download at: http://www.mathworks.com/academia/student_version/index.html

Recommended Materials

- Title: MATLAB: A Practical Introduction to Programming and Problem Solving
- Author: Stormy Attaway
- Publication date and edition: August 6, 2016, 4th Edition (*earlier editions will suffice too*)
- ISBN-13: 978-0128045251

Course Schedule

Week 01 (08/28 – 09/01):	No Lab
Week 02 (09/04 – 09/08):	Scratch
Week 03 (09/11 – 09/15):	User input and output, variables, operators
Week 04 (09/18 – 09/22):	Flow control: if statement
Week 05 (09/25 – 09/29):	While loops, break, continue
Week 06 (10/02 – 10/06):	For loops, nested flow control
Week 07 (10/09 – 10/13):	Practice questions on conditionals and loops
Week 08 (10/16 – 10/20):	Game Simulation
Week 09 (10/23 – 10/27):	Matrices and vectors
Week 10 (10/30 – 11/03):	Strings and ciphers
Week 11 (11/06 – 11/10):	Pixels and image manipulation
Week 12 (11/13 – 11/17):	Practice questions on matrices, strings and images
Week 13 (11/20 – 11/24):	Thanksgiving break
Week 14 (11/27 – 12/01):	Image thresholding
Week 15 (12/04 – 12/08):	Image deciphering

Attendance Policy, Lab Expectations

- **Lab attendance is required** except for excused absences which must be documented in advance (except for emergencies). Furthermore, attendance will be taken at the starting of the lab and students must be present for their attendance to count and to receive the credit for the lab assignment.
- **Each student is allowed to drop 1 laboratory grade, no questions asked.**
- Each week in lab, students will complete activities related to the current class topic which must be turned in before leaving lab that day.
- There is no outside work required for the lab.
- Please note attendance is a large portion of your lab grade.
- **As in all courses, any unauthorized recording of the lab and unauthorized sharing of recorded materials is prohibited.**

Make-Up Policy

Makeups for labs are not normally allowed. If you cannot attend a lab, you must contact the instructor well in advance. Submitting lab activities late will result in a zero. Arrangements will be made for students on a case-by-case basis for excused reasons. It is the student's responsibility to honor and respect the given deadlines posted on Canvas (<https://elearning.ufl.edu>).

Evaluation of Grades

Assignment	Total Points	Percentage of Final Grade
Lab Assignments (13)	100 each	100%

Grading Policy

Percent	Grade	Grade Points
90.0 - 100	A	4.00
87.0 - 89.9	B+	3.33
80.0 - 86.9	B	3.00
77.0 - 79.9	C+	2.33
70.0 - 76.9	C	2.00
66.7 - 69.9	D+	1.33
60.0 - 66.6	D	0.67
0 - 59.9	E	0.00

Note: A C- will not be a qualifying grade for critical tracking courses. In order to graduate, students must have an overall GPA and an upper-division GPA of 2.0 or better (C or better).

More information on UF grading policy may be found at:

<https://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx>

Academic Dishonesty

- **Sharing or copying of code** through any medium such as email, text, snapchat etc., and plagiarism, in addition to other dishonest behaviors, are all considered to be academic dishonesty.
- Collaboration (helping out others at a conceptual level through discussions) is encouraged in the lab. However, looking at any piece of your peer's code, sharing files, searching for solutions found online, or using someone else to code your solution is strictly prohibited.
- Any student found to have violated these rules, whether a provider or receiver of unauthorized help, will be given a zero on that assignment and will be reported to the Honor Court. Additional penalties like grade deductions may be applied depending on the severity of the case. If you aren't clear on what constitutes plagiarism, ask the course staff.
- **NOTE:** Students will have the opportunity to inform the instructor in case they took any unauthorized help for a particular lab assignment within **24 hours of the submission deadline**. In such a case, **they will receive no credit** for that particular lab, and **no further action will be taken**.

Students Requiring Accommodations

Students with disabilities who experience learning barriers and would like to request academic accommodations should connect with the Disability Resource Center by visiting <https://disability.ufl.edu/students/get-started/>. It is important for students to share their accommodation letter with their instructor and discuss their access needs, as early as possible in the semester.

Course Evaluation

Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at <https://gatorevals.ua.ufl.edu/students/>. Students will be notified when the

evaluation period opens, and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via <https://ufl.bluera.com/ufl/>. Summaries of course evaluation results are available to students at <https://gatorevals.aa.ufl.edu/public-results/>.

In-Class Recording

Students are allowed to record video or audio of class lectures. However, the purposes for which these recordings may be used are strictly controlled. The only allowable purposes are (1) for personal educational use, (2) in connection with a complaint to the university, or (3) as evidence in, or in preparation for, a criminal or civil proceeding. All other purposes are prohibited. Specifically, students may not publish recorded lectures without the written consent of the instructor.

A “class lecture” is an educational presentation intended to inform or teach enrolled students about a particular subject, including any instructor-led discussions that form part of the presentation, and delivered by any instructor hired or appointed by the University, or by a guest instructor, as part of a University of Florida course. A class lecture does not include lab sessions, student presentations, clinical presentations such as patient history, academic exercises involving solely student participation, assessments (quizzes, tests, exams), field trips, private conversations between students in the class or between a student and the faculty or lecturer during a class session.

Publication without permission of the instructor is prohibited. To “publish” means to share, transmit, circulate, distribute, or provide access to a recording, regardless of format or medium, to another person (or persons), including but not limited to another student within the same class section. Additionally, a recording, or transcript of a recording, is considered published if it is posted on or uploaded to, in whole or in part, any media platform, including but not limited to social media, book, magazine, newspaper, leaflet, or third party note/tutoring services. A student who publishes a recording without written consent may be subject to a civil cause of action instituted by a person injured by the publication and/or discipline under UF Regulation 4.040 Student Honor Code and Student Conduct Code.

University Honesty Policy

UF students are bound by The Honor Pledge which states, “We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: “On my honor, I have neither given nor received unauthorized aid in doing this assignment.” The Honor Code (<https://sccr.dso.ufl.edu/process/student-conduct-code/>) specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obligated to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult with the instructor or TAs in this class.

Commitment to a Safe and Inclusive Learning Environment

The Herbert Wertheim College of Engineering values broad diversity within our community and is committed to individual and group empowerment, inclusion, and the elimination of discrimination. It is expected that every person in this class will treat one another with dignity and respect regardless of gender, sexuality, disability, age, socioeconomic status, ethnicity, race, and culture.

If you feel like your performance in class is being impacted by discrimination or harassment of any kind, please contact your instructor or any of the following:

- Your academic advisor or Graduate Program Coordinator
- Jennifer Nappo, Director of Human Resources, 352-392-0904, jpennacc@ufl.edu
- Curtis Taylor, Associate Dean of Student Affairs, 352-392-2177, taylor@eng.ufl.edu
- Toshikazu Nishida, Associate Dean of Academic Affairs, 352-392-0943, nishida@eng.ufl.edu

Software Use

All faculty, staff, and students of the University are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against University policies and rules, disciplinary action will be taken as

appropriate. We, the members of the University of Florida community, pledge to uphold ourselves and our peers to the highest standards of honesty and integrity.

Student Privacy

There are federal laws protecting your privacy with regards to grades earned in courses and on individual assignments. For more information, please see: <https://registrar.ufl.edu/ferpa.html>

Campus Resources:

Health and Wellness

U Matter, We Care:

Your well-being is important to the University of Florida. The U Matter, We Care initiative is committed to creating a culture of care on our campus by encouraging members of our community to look out for one another and to reach out for help if a member of our community is in need. If you or a friend is in distress, please contact umatter@ufl.edu so that the U Matter, We Care Team can reach out to the student in distress. A nighttime and weekend crisis counselor is available by phone at 352-392-1575. The U Matter, We Care Team can help connect students to the many other helping resources available including, but not limited to, Victim Advocates, Housing staff, and the Counseling and Wellness Center. Please remember that asking for help is a sign of strength. In case of emergency, call 9-1-1.

Counseling and Wellness Center: <https://counseling.ufl.edu>, and 392-1575; and the University Police Department: 392-1111 or 9-1-1 for emergencies.

Sexual Discrimination, Harassment, Assault, or Violence

If you or a friend has been subjected to sexual discrimination, sexual harassment, sexual assault, or violence contact the **Office of Title IX Compliance**, located at Yon Hall Room 427, 1908 Stadium Road, (352) 273-1094, title-ix@ufl.edu

Sexual Assault Recovery Services (SARS)

Student Health Care Center, 392-1161.

University Police Department at 392-1111 (or 9-1-1 for emergencies), or <http://www.police.ufl.edu/>.

Academic Resources

E-learning technical support, 352-392-4357 (select option 2) or e-mail to Learning-support@ufl.edu.
