What we believe

- We believe engineering and computer science can transform the future in areas which are critical to society.
- We believe that such a transformation will require a new kind of engineer – an engineer that is technically excellent but capable of leading and innovating in a world which is increasingly global and interdisciplinary.
- We believe world changing innovation requires a workplace and a culture which is diverse and inclusive.

Why HWCOE?

- HWCOE is comprehensive, collaborative and growing
 - Every engineering discipline except architectural and petroleum
 - Added Wertheim Laboratory for Engineering Excellence
