

Herbert Wertheim College of Engineering/Warrington College of Business
Innovation Fellows Program Application
2019-2020 Cohort

The IF program is designed to take a select group of undergraduate students from the Engineering and Business Colleges, have them form interdisciplinary teams and put them through a 15-18 week program focused on taking them deeper into an understanding of how to work together as a team. The sessions will be once per week in the late afternoon/early evening and will mostly consist of in-depth discussions with instructors and invited speakers.

Name: _____ UF ID: _____
Email: _____ Phone: _____
College: _____ Academic Level: _____
Major: _____

In 100 words or less for each section, please explain:

What you hope to gain from the Innovation Fellows Program:

Why you believe that you are a good candidate for this program:

What unique skills and qualities you bring that will enhance the IF experience:

Why you think innovation is important for sustaining companies:

Participation in this program requires a commitment to attend all weekly sessions and participate in the weekly discussion topics. The program will require work outside of the sessions and each participant must agree to work outside of the session times to research the opportunity for the technology. Students are expected to form teams, depending on the number of participants, to pursue development of a project or technology. The idea preferably will come from one of the participants on each team. Please indicate that you are willing to commit to the above requirements.

I am willing to commit to the program requirements:
