

## Activity #2 - Santa's Suit 2.0: A STEM Challenge Upgrade

Santa is looking to upgrade his suit for the holidays. How would you upgrade his new and improved suit? What type of material would you use? What elements would you add to improve his ability to deliver toys? Keeping in mind that Santa's Suit is exposed to different environments, climates, weather conditions, and other external factors.

Draw the Santa's 2.0 Suit and write an explanation of the innovative features of his suits!
