Regional Breakout Groups: Community & Directory Input Discussion Topics

DRAFT Community Ground Rules

To the extent possible ...

- Contact regional SHORELINE coordinators and POCs
- Communicate with other investigators & groups
- Acknowledge assistance from others
- Share metadata and observations
- Treat colleagues and their data as you would like to be treated

Access Issues in Your Region:

- What is the most important information to include in the directory?
- Who are the permitting POCs (eg, Public works? Sea Grant? DEP? USFWS?)
- Who are the emergency management contact(s)?
- What are key environment considerations (protected habitat? rural vs urban?)?
- What transportation/access issues need to be considered?
- What is the best way to get local emergency updates?
