UF INNOVATION STATION is strengthening Florida’s role in the global innovation economy through talent and technology pipelines, industry collaboration, workforce development and K-12 pathways to success.

The UF ENGINEERING LEADERSHIP INSTITUTE focuses on creating leaders for a new world where engineers educated in ethics, communication, team building, and project management are in high demand.

The UF ENGINEERING INNOVATION INSTITUTE helps students to explore the spectrum of creative discovery and invention. It is fully integrated with our UF partners at the Innovation Hub and the Office of Technology & Licensing.

We are creating a rich and diverse environment with a renaissance approach to engineering education:

**UF INNOVATION STATION** is strengthening Florida’s role in the global innovation economy through talent and technology pipelines, industry collaboration, workforce development and K-12 pathways to success.

**UF ENGINEERING LEADERSHIP INSTITUTE** focuses on creating leaders for a new world where engineers educated in ethics, communication, team building, and project management are in high demand.
