The University of Florida’s Department of Computer & Information Science & Engineering (CISE) in the Herbert Wertheim College of Engineering is concerned with the theory, design, development and application of computer systems and information processing techniques.

The department focuses on using computing to solve societal problems and to educate the world on issues of technology and computing. With 60 faculty members and more than 3,200 undergraduate and graduate students, the department boasts a diverse body of research in data science, computing, cybersecurity, machine learning and bioinformatics, among others.

Industry engagement is a top priority. The CISE Career Fair is held twice a year to connect industry partners with students. The event sees an average attendance of 1,200 students and 35 companies.
