The University of Florida’s Herbert Wertheim College of Engineering is one of the largest and most dynamic engineering programs in the nation. Offering a curriculum that spans 10 departments, 15 degree programs and more than 20 centers and institutes, the college produces leaders and problem-solvers who take a multidisciplinary approach toward innovative, human-centered solutions. It is also the cornerstone of UF’s most ambitious 21st century research, education and economic development vision – the AI University Initiative.

Gator Engineering: New Engineers reimagining the way we live, work and play.

**FACTS & FIGURES**

- **10,500+** Enrolled Students
- **27%** Underrepresented Groups
- **30%** Women
- **60,000+** Total Engineering Alumni
- **$113M** Research Awards

**AI UNIVERSITY INITIATIVE**

- **3X** The U.S. average of startups launched per research dollar invested
- **100** UF has committed to hiring 100 more faculty members focused on AI
- **129** Engineering has 129 faculty already currently working on AI
- **700** The new HiperGator, powered by NVIDIA’s most powerful supercomputer will deliver 700 petaflops of AI performance across the entire campus

- **55** Licenses and options
- **148** Invention disclosures
- **241** Patent applications
