

Disruptive Trends in Transportation

September 16th 4:30 – 5:30PM

Room 365C “Conference Room”, Weil Hall*

*In person event, but we may switch to zoom

As innovators in transportation, Fehr & Peers leads the industry in transportation planning, implementation & policy. Our expertise in areas such as Autonomous Vehicles, Disruptive Forces, TNC's, Curbside Management and Data Science allows us to best advise our clients on trending forces and policy that impacts our mobility and cities. <https://www.fehrandpeers.com/>

Elizabeth is a Transportation Planner in the Fehr & Peers' Orlando office. She is a graduate from the University of Alabama, having completed a Master of Science in Civil Engineering and Master of Business Administration. Since starting, Elizabeth has worked on a variety of projects in the area of private development.
