The University of Florida’s Herbert Wertheim College of Engineering is one of the largest and most dynamic engineering programs in the nation and is part of a world-class institution dedicated to real-world student outcomes. Offering a curriculum that spans 10 departments, 15 degree programs and more than 20 centers and institutes, the college produces leaders and problem-solvers who take a multidisciplinary approach toward innovative, human-centered solutions. It is also the cornerstone of UF’s most ambitious 21st century research, education and economic development vision – the AI University Initiative.

Gator Engineering: New Engineers reimagining the way we live, work and play.

**FACTS & FIGURES**

- **11,000+ ENROLLED STUDENTS**
- **64,000+ TOTAL ENGINEERING ALUMNI**
- **$114M RESEARCH AWARDS**
- **3X THE U.S. AVERAGE OF STARTUPS LAUNCHED PER RESEARCH DOLLAR INVESTED**
- **85 INVENTION DISCLOSURES**
- **38 LICENSES AND OPTIONS**
- **175 PATENT APPLICATIONS**

**AI UNIVERSITY**

Integrated AI Curriculum, Intelligent-Decision Support, Equitable Access

- **700** The Hipergator, powered by NVIDIA’s most powerful supercomputer, will deliver 700 petaflops of AI performance across campus
- **(AI)^2** UF creates artificial intelligence academic initiative center, dubbed (AI)^2, the focal point for academic activity at the university related to AI and data science.

**CENTERS & INSTITUTES**

Florida Institute for Cybersecurity Research
Florida Institute for National Security
NSF Center for Big Learning
UF Center for Coastal Solutions
Warren B. Nelms Institute for the Connected World

**THE ENGINEERING INNOVATION INSTITUTE** Enrolled more than 7,000 undergraduate and graduate students in academic certificate courses since its inception in 2010.

**THE ENGINEERING LEADERSHIP INSTITUTE** Has sustained a mean annual enrollment growth rate of 34% since beginning in 2010, with more than 7,450 enrollees.
