

HERBERT WERTHEIM COLLEGE of ENGINEERING

WE ARE *Future-Ready*

At the University of Florida's Herbert Wertheim College of Engineering, we are more than just one of the largest engineering programs in the nation—we are a dynamic force driving the future. Our faculty and students thrive in a vibrant, interdisciplinary research environment, continuously pushing the frontiers of knowledge and innovation. We bring together

diverse minds from 11 departments, 15 degree programs, and over 20 centers and institutes, fostering unparalleled collaboration and creativity. As a cornerstone of UF's AI University Initiative, partnered with NVIDIA, Gator Engineers are not just leading the Fourth Industrial Revolution; we are actively shaping it.

Gator Engineering: Leading the Charge, Charging Ahead.
