### SESSION 1: GUIDANCE & INFORMATION

**Time:** 9:00 - 11:00 A.M.

**Date:** March 4, 2025

### SESSION 2: BROADER IMPACTS & MOCK REVIEW PANEL

**Time:** 9:00 - 11:00 A.M.

**Date:** April 10, 2025

### SESSION 3: PEER REVIEW SESSION

**Time:** 9:00 - 11:00 A.M.

**Date:** May 8, 2025

**Host:** Jennifer Andrew, Ph.D.

Associate Dean for Research & Innovation  
Herbert Wertheim College of Engineering

### HOW IT WORKS:

1. Faculty can select sessions in which they would like to participate.
2. On March 4, the PIs can attend the Guidance & Information workshop.
3. Red teams are activated in April. PIs will submit proposals to the red team by the end of June (or another date jointly decided by the PI and red team leaders).
4. In April, PIs can attend the Broader Impacts & Mock Review Panel workshop.
5. In May, PIs can attend the Peer Review Session.
6. Reviews are completed and returned to the PIs in time for them to update their proposals, which are due to NSF on July 23, 2025.
